

Hello, my name is Iris Hannon. I've been with TCUSD for 12 years, and have taught Kinder through 3rd grade during those years. I started my teaching career at Longden. As a new teacher, I was very blessed to work with wonderful people there and learned a lot from them. After 3 years, I was transferred to Emperor where I found myself surrounded with caring and selfless people that helped me through the transition. It was tough to move schools, grade-levels, and be pregnant all at the same time!!

While I was at Longden and then at Emperor, I served as Site Building Reps for TCEA. While serving as a rep, I came to know many dedicated colleagues and friends, and I was inspired to do more. I ran for Secretary and proudly served for two years. During this time, I realized that TCUSD is a great place to work. There are so many dedicated teachers in our district that always have our students' best interest in mind. I'm proud to tell people I work for Temple City Unified, and I am fortunate to have my son educated in this district.

I've been married for almost 10 years and have one son. Besides teaching, my other full-time job is being a chauffeur to my 8 year old son. Between piano lessons, baseball, and Taekwondo, he has me pretty busy. However, I wouldn't want it any other way. His love for music and sports bring me joy, and he now wants to take guitar lessons! I'm also a proud mother of a 1st Degree Black Belt!

I truly love my job and love the people I work with everyday. I'm thankful to be a part of Temple City Unified.
